Town to Offer Special Storm Debris Pickup

The Town of Garner has devised a cleanup plan to handle the debris from the recent inclement weather. The options for residents are as follows:

- 1) There will be a special debris pickup sweep starting Feb. 8. Public Works crews will conduct pickup and do as much as they can each day. They will go through each neighborhood once; their sweep will **not** be based on solid waste daily routes and colors. **Therefore, if residents want to take advantage of this opportunity, they should have their debris curbside by the morning of Feb. 8.** Residents do not have to bundle or prepare debris according to the Town rules for usual curbside yard waste collection.
- 2) For residents who do not want to wait that long, debris that has been properly prepared per Town rules will be picked up by the Town's solid waste contractor, All-Star Waste, on regular pickup days. For rules on preparing yard waste for pickup during regular solid waste collection, please see [garnernc.gov/Departments/Public Works/TrashCollection.aspx](http://garnernc.gov/Departments/Public%20Works/TrashCollection.aspx).
- 3) For residents who choose to wait until after Feb. 8, the debris can be collected in April during the regular spring unprepared yard waste cleanup.

For more information, please contact Public Works at (919) 772-7600.
